

*A Tradition of Care,
Comfort and Support.*

Greenwood House is a non-profit, community-sponsored organization committed to providing the highest quality care, comfort and support to both the Jewish elderly and the greater community.

For more than 70 years, Greenwood House has worked hard to earn the continued trust and respect of our local community and is proud to enjoy a strong reputation for quality care in Mercer County and beyond.

“Using hospice services is not about ‘giving up.’ For our family, it meant quality of life and exceptional care from committed and caring professionals.”

The Hospice Team Concept

Our team of professionals works to provide individualized care for both patients and their families.

Care is managed by the patient's personal physician, along with additional team members, who are offered as a support system to the patient's primary caregiver. We will be there to help you with any issues, big or small. Our hospice team consists of:

- *Nurses to monitor pain, manage symptoms and guide caregivers in providing care for the patient.*
- *Social Workers to help the patient and family cope with the stresses of the terminal illness and connect them with available community resources.*
- *Trained Volunteers to assist with a variety of patient and family support activities.*
- *Spiritual Care Coordinators to provide emotional support and counseling.*
- *Hospice Aides to provide personal patient care and companionship.*

About Our Hospice Care

With Community Hospice of Greenwood House, the emphasis isn't on cure... it's on care. We have a long tradition of providing compassionate care, comfort and support, as well as expertise in pain and symptom management. Our goal is to enable patients to participate in the activities they enjoy, for as long as possible.

Community Hospice of Greenwood House helps families meet the challenges of end-of-life issues by providing support to both patients and their loved ones so they can concentrate on time spent together.

Bereavement Services

Grief can affect family and friends for a long time and in many different ways. We provide support and counseling to family members and friends for at least one year following the death of a loved one. Services include individual and family counseling, grief education and support groups.

Frequently Asked Questions

What is Covered?

When you choose to receive hospice care from The Renee Denmark Punia Community Hospice of Greenwood House for your loved one, you're gaining compassionate care and support from a dedicated team of specially-trained professionals.

Hospice care includes all visits by members of the hospice team, all medications related to the terminal illness, as well as any medical equipment necessary for the comfort of the patient.

When is the Right Time to Call?

Families and individuals can call for information at any time. Our team of caring and supportive professionals is here to help you understand the benefits of hospice. If appropriate, we will contact your physician to coordinate services and request permission to evaluate.

Where Do We Serve Patients?

Hospice is not a place, but a philosophy of care. The Renee Denmark Punia Community Hospice of Greenwood House serves patients in whatever place they may call home. Services can be provided in a patient's private home, a residential or assisted living community or in a skilled care center.

Who Pays for Hospice Care?

Medicare and New Jersey Medicaid cover all services and supplies related to providing hospice care for those with a life-limiting illness. In addition, many private insurance companies also cover these services.
