To whom it may concern,

After two hospitalizations and a last stop at hospice my beloved father, Edward Hedden, Jr., passed away on June 5, 2021. I am writing to request acknowledgement of a few team members that went above and beyond in their duties and service. Please see that they receive recognition from the Chief Executive Officer, managers on down to Human Resources, as well as a copy of this letter.

It is not an easy feat to secure such knowledgeable, dedicated and compassionate employees who treat patients like family.

Their commitment, integrity, compassion and ability to problem solve while upholding my father's dignity goes beyond measure. I can testify to this because I made a promise not to leave my father alone and stayed with him 24/7. These team members are truly '**Angels in disguise.**' A sincere thank you from myself, on behalf of my father, and my family.

Rosalind Melvin

Marie, our room #108 door angel (I'm sorry I do not know her last name.)

Byron Tannous

These team members truly are shining stars that to me, were the hands and heart of God, in our time of need.

Sincerely,

Lori Hedden-Mawhinney
