

NORMA ROGIN

Dear Rick,

Thank you for your nice letter of condolence and for the contribution from the staff in Mom's memory. And yes, please know that the people at Abrams and Greenwood House, starting but not ending with I Love Katz, Andrea Hyman and Nancy Heyrick, made a beautiful difference in the last years and the last days of Mom's life.

Mom's friendship with May Medoff was one of the most important in her life. The twosome of Mom and May turned into a threesome of Mom, May and Victor and, after May died, back to a twosome. It was Vic who suggested that Mom move to Abrams, and when Vic was gone, and because of Covid, Mom embraced her Abrams family all the more.

We thank you and will always be grateful.
