

Care With a Higher Purpose

As a not-for-profit mission-based organization, we hold ourselves to a higher standard when it comes to caring for those in need. Since 1939, this commitment has been evident in both the quality and scope of services we offer to those who turn to us for care. From our roots as a Jewish nursing home to the highly respected nonsectarian health care provider we are today, you will experience a caring and supportive environment that promotes dignity, empathy, compassion and hope. Under the supervision of a registered dietician and Rabbi, our dietary staff prepares a wide variety of delicious and nutritious kosher meals.

With a person-centered approach, we focus on the social, emotional and spiritual well-being of each and every person who trusts us for care and support. This sets Greenwood House apart and makes us special.

Greenwood House

Post-Acute Rehabilitation and Nursing Care

Designed to provide a bridge between hospital and home, r3 Rehab provides short-term post-acute inpatient Physical, Occupational and Speech / Swallow therapy to those who:

- are recuperating after surgery or hospitalization
- have suffered a catastrophic illness or accident
- are in need of restorative rehabilitation services on a short-term basis

Committed to Best Practices

r3 Rehab combines advanced therapy techniques with an interdisciplinary approach to regain strength, restore mobility and renew independence thereby maximizing recovery and leading to a safe transition home. Our physicians, therapists, and nurses develop and implement plans of care designed to address your specific condition and individual needs. Our skilled teams work at your pace utilizing the latest approaches with state-of-the-art equipment and technology.

Greenwood House also offers **Outpatient Rehabilitation** services and homecare services offering an added benefit of continuity of care.

A 5-Star Quality Rating From Medicare

Licensed by the state of New Jersey and certified by Medicare and Medicaid, our 5-Star Quality Rating means Greenwood House has excelled in health-inspection results, adequacy of nursing staff and overall quality of medical care. We are equipped to provide individuals with 24-hour sub-acute nursing care, post-operative recuperation, or complex medical care demands, as well as to care for individuals with chronic health issues. Whether short-term rehabilitative care or long-term skilled nursing care is needed, we have a reputation built on quality outcomes.

Greenwood House excels in quality of care with best outcomes results

- High-quality outcome-driven therapy
- Personalized attention and care
- Shorter length of stays
- Lower hospital readmissions
- High patient/family satisfaction
- Ability to care for medically complex conditions

U.S. News & World Report, the global authority in health care rankings, has awarded Greenwood House the designation of a U.S Awarded Best Nursing Home.

For 80 years, Greenwood House has worked hard to earn the continued trust and respect of our local community and is proud to enjoy a strong reputation for quality care in Mercer County and beyond. Increasingly, our residents will travel a few extra miles to come to Greenwood House in order to receive the highest quality of care and best possible outcomes.
